In accordance with the policies and rules of the UHS Band program, attendance at all rehearsals during the summer months are mandatory in order to participate in the color guard/majorette programs. We have designed the schedule to give all members the entire month of June and the first two weeks of July for summer vacation time. Any and all misses must be cleared in advance, before the rehearsal schedule begins. It is critical for everyone, especially new color guard members, to be in attendance at all rehearsals. The amount of material covered during rehearsal time is extremely difficult to catch up on, and we do not have time to constantly be re-teaching old material to catch people up. Failure to keep up with the ensemble will result in not being able to perform until the material is learned and solidified. Any schedule conflicts should be emailed to both Drew- eloquencepc@gmail.com AND Mr. Palmer mpalmer@access.k12.wv.us .
